

Title: Faith, Science and the legacy of Cornell's Andrew D. White

Type:	Segment
Subject(s):	Religion
Project Contact:	Name: Yeliz Alakas Company: WNET Email: AlakasY@thirteen.org
Original Broadcast/Publish Date:	03/30/2018
Runtime:	00:05:10
Short Description:	Science denial is making headlines today.
Long Description:	Science denial is making headlines today, but it has been an ongoing dialogue which draws its modern origins from a book by Cornell University founder Andrew White in 1896. What White hoped to accomplish and what he actually accomplished give insight into the challenges of reconciling faith and science.
