Original Broadcast/Publish Date:	03/25/2020
Runtime :	00:01:00
Short Description:	Coronavirus Cases by State
Long Description:	<p>The CDC is updating in real time an interactive map with the number of COVID-19 cases in your area.</p> <p>Now, here's a look at what's happening in the 4 states with the most cases:</p> <p>New York has over 26,300. Neighboring New Jersey has 36-hundred. California registered more than 25-hundred cases. Washington State, where the outbreak started in the US has more than 24-hundred. Florida is among the ten most affected states.</p> <p>According to this map by the Associated Press, created with data from Johns Hopkins University, the most affected counties in our state are Miami Dade with more than 360 cases, Broward with 310 and Palm Beach with just over 100.</p> <p>Now to see the CDC's map and the number of cases in your area, go to cdc.gov</p>
